SPONSOR A PET PROGRAM

Love Animals But Can't Adopt?

Do the Next Best Thing and Become an Animal Welfare Society Sponsor!

The Animal Welfare Society, a no-kill, non-profit shelter based in New Milford, Connecticut, has many special-needs animals. These include older cats and dogs, and other animals with health problems, personality or behavioral issues. Every cat and dog at the shelter is available for adoption to the right family; however, a few are very hard to place and may never find homes.

The Animal Welfare Society's Sponsorship Program is designed to help us give special care to these "special-needs" animals and to help support the rest of our animals until they find the right homes.

Sponsors help support the cat or dog of their choice with:

- Single annual donation of \$100 -or-
- Monthly contributions of \$10

In return, you will receive:

- A photograph and special thank you letter from your sponsor cat or dog.
- Periodic letters and cards updating you on your sponsor pet's progress.
- Special sponsorship recognition on our website (great for businesses!)
- Unconditional love, affection, and gratitude from your special sponsor pet.

We encourage you to visit and spend quality time with your special friend - always feel free to drop by the shelter to walk your sponsor dog or let your sponsor cat cuddle in your lap! Some sponsors not able to visit may prefer to send care packages to their special friend containing special treats and favorite toys.

The special love and attention sponsors give their animals can bring a lot of happiness to a shelter animal who may never find the permanent, loving home they so richly deserve.

Please feel free to contact us if you have any questions about this program and remember that all donations are tax-deductible.

Sponsorship can be the next best thing to adoption.
